## Rollins Museum of Art and Institute for Management & Executive Leadership Groundbreaking

Friday, October 24, 2025

---

The Rollins Institute for Management and Executive Leadership and the Rollins Museum of Art will join the recently expanded Alfond Inn to create an integrated destination for arts, leadership education, and hospitality.

The new institute will serve as a convening center for leaders across multiple sectors, including business, healthcare, government, nonprofit organizations, and civic institutions, facilitating dialogue and professional development at the local, national, and global levels.

The relocated and expanded museum will significantly enhance the region's cultural landscape through enhanced gallery spaces designed to accommodate major traveling exhibitions and a more extensive display of Rollins' distinguished permanent collection.
